**Lake of the Ozarks** Eldon Chamber of Commerce is housed in the new Train Depot Museum in Eldon, Missouri. The town was created when the railroad system came through that area. Homes were built to house the railroad workers and the economy began growing in the late 1800's. The Train Depot Museum is new to the town and has the railroad history and artifacts to showcase Eldon's history over the years.

Built in 1858 as a luxury hotel, Patee House served as the Pony Express headquarters from 1860 to 1861. Patee House Museum features two full floors of exhibits. Inside Patee House, you can climb aboard an 1860 train and ride the vintage "Wild Thing" carousel. The museum also houses an 1877 railroad depot, stage-coach, cars, trucks, fire trucks, wagons, buggies and carriages, Jeeps, a racecar, horse-drawn hearses and a real gallows, a blacksmith shop, dressmaker's shop, model railroads, antique furniture and toys, a wing with Western art by artist George Warfel, and a wing designed to look like the Streets of Old St. Jo in the 1860s-1880s.
